RAFTAAR SCHOLARSHIP

VISION 2026
Creating Partnership with the Needy

HUMAN WELFARE FOUNDATION

ORPHAN CARE.

PROGRAM 2025-26

Family Beyond Home

INTRODUCTION.

The Human Welfare Foundation has reintroduced its Orphan Care Scholarship under a new name – Raftaar Scholarship – symbolizing speed, progress, and hope for the future. While the name has changed, the mission remains the same: to accelerate educational opportunities for the most deserving orphan and fatherless children, especially from the remotest parts of India.

As we know, Children shape the future of any society. For a society to grow in a responsible, progressive, and productive manner, children must be provided with love, care, protection, and proper support. This duty usually rests with parents. However, there are many children who lose one or both parents due to accidents, illness, or other unfortunate circumstances. Such children are left without guidance, care, or emotional support and often struggle to understand their identity or place in society. Suddenly, even their basic necessities become difficult to access. Many suffer from malnutrition, are deprived of primary education, and remain vulnerable to diseases that could otherwise be prevented through vaccination. Along with these physical challenges, the lack of parental affection and emotional security deeply affects their mental health and personality development. In the absence of adequate care, these children become dependent on others for survival; otherwise, they are forced to manage on their own, exposing them to risks such as child labour, human trafficking, and forced exploitation.

Keeping this grave situation in mind, the Raftaar Scholarship Program (earlier Orphan Care Program) under Vision 2026 has been designed to respond to the essential needs of children who require care and protection. Since 2009, the program has been continuously working to enhance the overall quality of life of children who have lost their father or both parents, adopting a comprehensive and child-cantered approach.

The program consists of two main components:

1. Setting up orphan hostels to ensure a safe living environment, care, education, and emotional support.
2. Providing scholarships to orphans living with their guardians, enabling them to pursue education and meet basic needs with dignity.

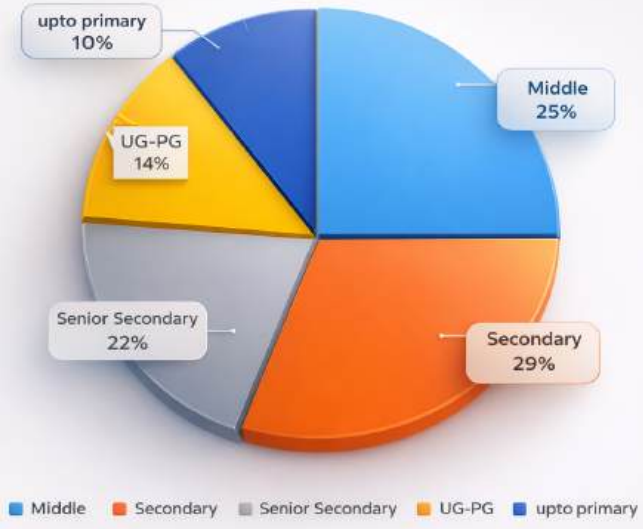

Program Objectives

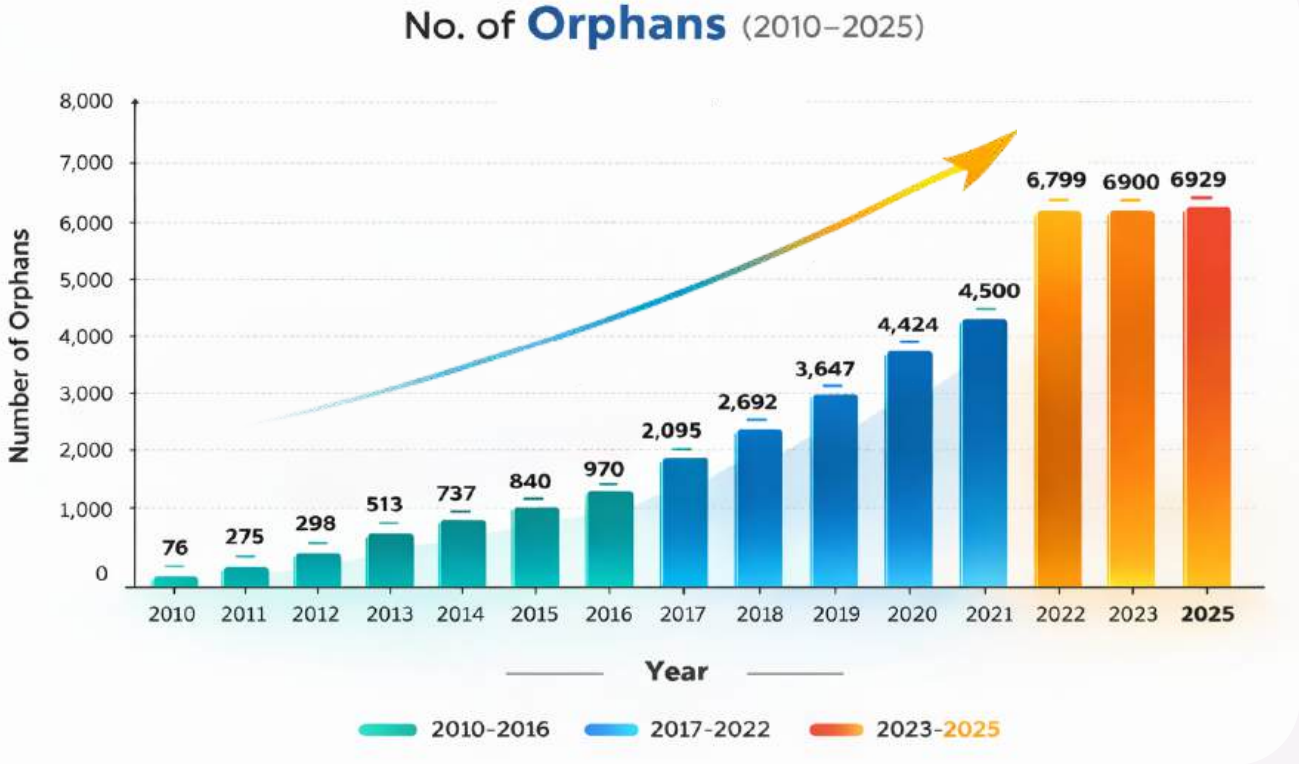

- Providing orphan children, a childhood that they never experienced and help them to become responsible citizens of the society
- Helping children to explore their potential by providing them with opportunities
- Creating a safe and protected environment for the children
- Providing quality education, shelter, food, and health accessibility
- Holistic care of the children for their physical, intellectual, and aesthetic well being

SUPPORTED ORPHANS OVER THE YEARS

Vision 2026 begins its journey on a modest scale but over the past decade, through Human Welfare Foundation (HWF) and Human Welfare Trust (HWT) the program has grown steadily and made a meaningful impact. To date, Vision 2026 has reached **6,929** orphaned children, while **1,454 children** are currently receiving ongoing care and support. They are from 14 states of India with focused more on the northern India. We believe that there is a long way to go but with our limited resources we are trying hard to expand and yielding positive outcomes. We hope with our growing partnership we will reach to the maximum children in need.

Things we do.

We carried out different kinds of activities to achieve our aim of overall development of the children.

SCHOLARSHIP DISTRIBUTION PROGRAMS

HEALTH CAMPS

CAREER COUNSELING SESSIONS

MARRIAGE ASSISTANCE

CELEBRATION OF FESTIVALS

RECREATIONAL ACTIVITIES AND PICNICS

OUR AWARDEES.

PRANJIT SAHARIA

Enrolled in HWF at Class : 6th
Present : Completed class 10th, Joined Agneeveer, Indian Army

MADIHA IKRAM

Enrolled in HWF at : Class 8th
Present : Completed MBA and Employed at Hexa Health, Gurugram

SAQUIB KAMAL

Enrolled in HWF at Class : B. Tech.
Present : Completed B. Tech and employed at MGH Indfra, Hyderabad

MOHAMMED RIYAZ BASHEER K

Enrolled in HWF at Class : 6th
Present :Completed B. Tech and employed at Infosec Ventures, Gurugram

SAMIYA

Enrolled in HWF at Class : 6th
Present : Pursuing B. Sc. Final and joined Indian Aif Force Techniacla Dept.

“ Support their ourney and watch them conquer their dreams. ”

SCHOLARSHIP DISTRIBUTION PROGRAMS

The scholarship distribution forms the core of our project, providing financial assistance to orphan beneficiaries to support their educational journey. Scholarships of Rs. 9,000 are awarded every six months, primarily to meet education-related costs and basic academic requirements. Through this initiative, we strive to empower these youth minds, enabling them to build a brighter future.

CAREER COUNSELING SESSIONS

Career counseling plays a vital role in guiding young adults during a crucial stage of their personal and professional development. It helps them understand their interests, abilities, and strengths, enabling them to make informed decisions about education and career pathways. Understanding the significance of early career planning, we organize comprehensive career counseling sessions for students in higher secondary and senior secondary grades. These sessions are designed to provide personalized guidance, clarity, and direction in choosing the right career path.

Medical Camps

At our program, the health and well-being of our children remain a top priority. Regular health check-ups, comprehensive screenings, and consultations with medical professionals help identify and address health concerns at an early stage. Timely treatment and medication ensure continuous care, enabling children to grow, learn, and thrive in a safe and nurturing environment. "As the saying goes, A healthy mind resides in a healthy body.

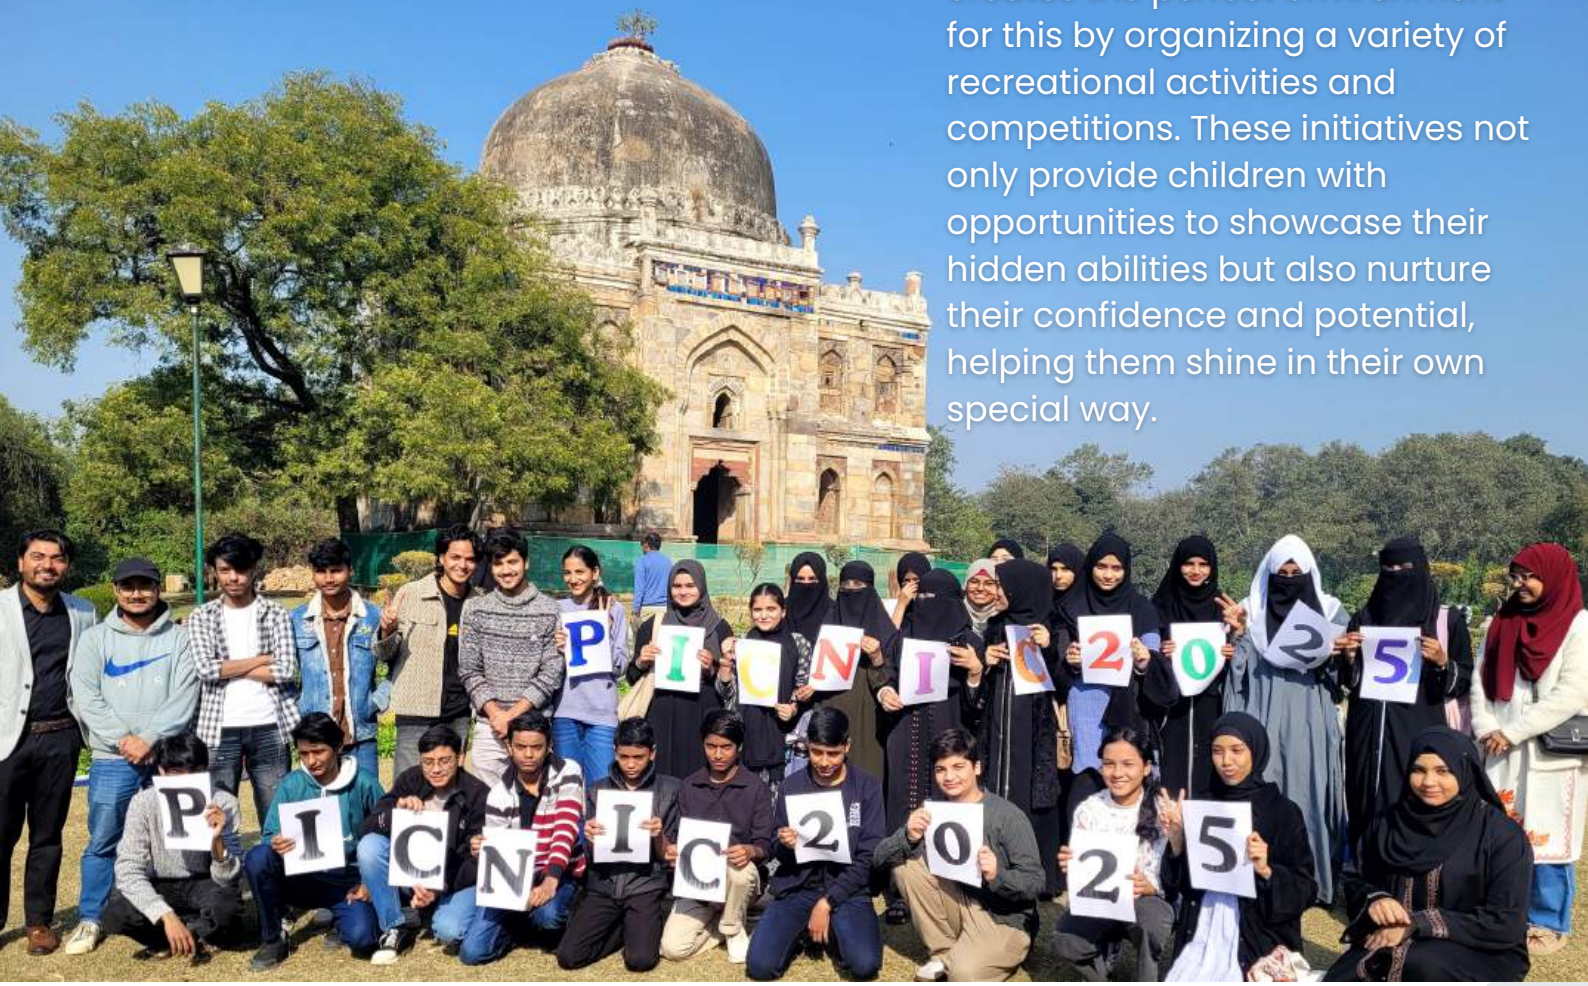

MARRIAGE ASSISTANCE

The Orphan Care Department has launched a heartfelt initiative to support its beneficiaries who have reached the legal age of marriage. This program identifies orphans in need of financial and social assistance to help them celebrate their wedding with dignity. In addition to providing support for the marriage ceremony, newlywed couples are also empowered with small livelihood projects, ensuring a stable and prosperous start to their new journey together.

RECREATIONAL ACTIVITIES & PICNICS

Every child possesses a unique talent, waiting to be discovered. The Orphan Care Department creates the perfect environment for this by organizing a variety of recreational activities and competitions. These initiatives not only provide children with opportunities to showcase their hidden abilities but also nurture their confidence and potential, helping them shine in their own special way.

CELEBRATION OF FESTIVALS

In addition to all the activities mentioned above, we also celebrate joyous occasions with our sponsored orphans. We take pride in commemorating national festivals such as Republic Day, Independence Day, and Children's Day, fostering a sense of patriotism and unity. Moreover, we embrace the spirit of togetherness by celebrating religious festivals, including Iftar programs and Eid, creating cherished memories and strengthening our bond with the children.

ORPHAN HOSTEL

Vision 2026 has successfully constructed 12 orphan hostels, serving as a safe and nurturing home for children in need of care and support. These hostels provide not only accommodation and nutritious meals but also financial assistance to help children pursue both modern and religious education.

Key Features of the orphan hostels include

- High-quality education to empower young minds
- Career guidance to shape a promising future
- Activity-based learning for enhanced engagement
- Moral education to instil strong values
- Sports and recreational activities for holistic development

Through these initiatives, Vision 2026 remains committed to transforming lives and building a brighter future for underprivileged children

SPONSOR AN ORPHAN CHILD

₹ 20,000/ Year

EDUCATION & BOARDING

₹ 4,500 One Orphan/ Month
